

Dear Parents,

We have several fun and educational activities planned for April, and we need your help. We will be celebrating a number of special occasions, and many of the activities require foods or other materials from home. If each student would contribute one or more of the following items, we would have plenty of supplies for the month. Your child selected the item(s) highlighted below to bring in, but if this is a problem, please let me know and I'll work something out. I need a response as soon as possible, but you don't need to send the items until the due date. Before you return this paper, make a note of the item you will be sending in. Thanks for your help!
