### Personal Spelling List

If the class spelling list is not appropriate for your child, he or she may submit a personal spelling list. Please sign to show that you have reviewed your child's spelling list (at right) and feel the words are appropriate. Your signature also verifies that you have checked their spellings. They will need to enter their list into Spelling City.com and take their test online. This signed form is due no later than Monday morning or your child will be on the regular list for the week.
