

Word Wall Hangman

Description:

This game is for two players. One player must guess the other player's mystery word letter by letter. For each letter missed, one body part is drawn on the hanging man. The object is to guess the word before being "hanged."

Rules:

1. Find a partner to play with. One person will be the Hangman and the other will be the Guesser.
2. The Hangman will choose a word from the Word Wall for the other to guess.
3. On a dry erase board, the Hangman will make a line for each letter in the word and should also draw the gallows.
4. The Guesser will guess one letter at a time. If the letter is in the word, the Hangman will fill in the blanks with the correct guesses.
5. If the letter is not in the word, the Hangman will draw one body part for each incorrect guess (head, neck, body, each arm, each leg, and each foot).
6. The Guesser may guess the mystery word at any time before the last foot is drawn on the hanging man.
7. Switch roles and play again!
