

# The Gallon Song

To the tune of Alice the Camel

Body Motions: Pat each quart, pint, or cup used in each verse.

Four quarts equal a gallon,  
Four quarts equal a gallon,  
Four quarts equal a gallon,  
So roll, baby, roll (roll hands)!  
Boom, boom, boom (hips go side to side) . . .

Eight pints equal a gallon,  
Eight pints equal a gallon,  
Eight pints equal a gallon,  
So roll, baby, roll!  
Boom, boom, boom . . .

Sixteen cups equal a gallon,  
Sixteen cups equal a gallon,  
Sixteen cups equal a gallon,  
So roll, baby, roll!  
Boom, boom, boom!
